COURSE DESCRIPTION

- Designed to develop scientific communication skills with the following objectives:

- Facilitate strategies for a more effective communication, analyzing strengths and areas for improvement in the presentations made.

- Evaluate scientific synthesis ability and graphic presentation in poster format.

- Aimed at 4th year REHABILITATION residents

- Necessary requirements be exercising in Spain

- In partnership with SERMEF.

- Course participants will be invited by the medical representatives of IPSEN PHARMA

COURSE STANDARDS

 **1** Each participant will have to present a scientific poster in public (3 minutes).
a. Only one abstract per participant will be accepted.

b. The subject must be related to the rehabilitation speciality.

c. Ipsen will not influence the evaluation of the posters or the selection of the winners. The bases of the course are available in SERMEF website and indicate that posters with off-label treatments, with dosages not authorized or that include commercial drug names will not be accepted. Mention of the active ingredient will only be allowed when necessary.

d. Presentations and subsequent discussion of each poster will be conducted in English.

 **2** Students will be divided into two groups and two best presentations of each group will go to the final.

 **3** A prize will be awarded to the best "Rising Star", assessed by an independent jury, consisting of an invitation to an International Congress with a European destination and the other finalists will be invited to the next edition of the SERMEF Congress.

 **4** The course registration and each poster submission will be done through the SERMEF website in two steps:
a. Course registration and poster abstract submission, until February 3, 2025 or when the quota of 35 participants is filled.

b. The poster delivery, from the announcement of acceptance of the abstract, until March 3, 2025 at 24:00h.

 **5** The number of participants has been set at a maximum of 35.
a. Registrations will be accepted by strict order of entry.
